All of which is respectfully submitted.

GEORGE S. HENRY,

Sheriff of Franklin County.

Referred to Committee on Sheriff's and Clerks Accounts and Appropriations.

## REPORT OF COMMITTEE ON SHERIFF'S AND CLERK'S ACCOUNTS.

To the Board of Supervisors:

As to the sheriff's accounts, embodied in his report here-with filed, we have examined same and find them correct, with verified vouchers for all disbursements, and that he has

accounted for all moneys coming into his hands as required by Chapter 29 of the Laws of 1902.

We would further report that, in the opinion of your Committee, the salary of the "Jailor and Turnkey," now fixed by law at \$400.00, is inadequate pay for the services and duties of that office; and we would, therefore, recommend that his salary be raised to \$600 per year, and that our member of Assembly, Hon. Chas. R. Matthews and our Senator-elect, Hon. Wm. T. O'Neil, be requested if it meets with their approval, to introduce a bill into the next Legislature and secure its enactment into law, if possible, amending Section 9 of Chapter 29 of the Laws of 1902, so that the salary of such Jailer and Turnkey may be raised to \$600.00 per year, and that the name of his office be "under sheriff," instead of "Jailor and turnkey."

All of which is respectfully submitted.

E. M. Austin, Chairman.

Adopted.

Mr. Williamson, seconded by Dr. Stickney, moved that the Purchasing Committee be authorized to construct such a walk as shall meet with the approval of the County Judge and County Clerk from the front door of the Detention House south between the Court House and County Clerk's office to a walk, so to be constructed, from the front door of the Court House to the front door of the Clerk's office across the lawn, it being the sense of the Board that a narrow walk should be made. Carried.

Mr. Waggoner, representing Matthew Bender Law Book Company was extended the courtesy of the floor and explained the merits of Gilbert's Supervisors' Manuals, which he is selling. No further action was taken thereon by the Board.

## AFTERNOON SESSION.

Chairman and quorum present. Minutes read and approved.

## REPORT OF COMMITTEE ON COURT HOUSE AND JAIL.

Your Committee on Court House and Jail respectfully report that the purchasing committee of 1906 consisting of Williamson, Rowley and Enright be retained for another year and that the following resolutions be adopted:

First. That the sheriff be, and he hereby is, authorized to employ at said jail for the care, custody, maintenance, etc., of the prisoners and persons detained therein during the year 1907.

(a) One officer to be known as jailor and turnkey at an annual salary of \$600, if legislature shall so amend the law.

(b) One matron at an annual salary of \$208.

(c) One cook at an annual salary of \$208.

Such salaries to be paid as provided by said chapter 29 of

the laws of 1902, such persons to hold office during the pleasure of said sheriff, as provided in said act.

Second. That the United States government be, and it is hereby, permitted to use the grand jury room for the purpose of holding United States court at any and all times when it is not in use for grand jury work, and it shall be the duty of said janitor to open, heat and put the same in order for such use whenever so required by the United States commissioner or deputy United States marshal at Malone.

Third. The committee would further recommend that the amount recommended by the Committee on Treasurer's Books and Accounts, or so much thereof as may be necessary be appropriated for the purpose of paying for supplies for said jail, as they shall be needed and authorized by said Purchasing Committee.

Fourth. That all items of account presented by said sheriff, as prescribed in section 8 of said chapter 29, laws of 1902, shall be duly verified as to its correctness and the payment thereof by the affidavit of the person furnishing the same.

Fifth. Whereas, it is believed that the county can maintain its prisoners in its own jail cheaper than to hire them kept in penitentiaries, as is done now in some cases.

Therefore, be it Resolved, That all committing magistrates of the county are hereby respectfully requested to commit all prisoners convicted by or before them to Franklin County jail, so far as they can under the law; except tramps, as defined by section 887 a, of the code of criminal procedure, whose keeping is a State charge, and who should be committed to a penitentiary, as required by section 889.

In the matter of lighting we recommend that the purchasing committee make the best arrangements possible.

Also we recommend that \$100; or as much thereof as necessary be appropriated for repairs in court room to meet with the request of Hon. S. A. Beman.

We also recommend that Andrew Bush still be retained as janitor at the same salary of \$480.

Also that the Purchasing Committee be authorized to make some provision to prevent the ice and snow from falling from the jail roof on the west side.

Also cause to be built over the entrance door to the jail office, a roof to prevent ice and snow from forming upon the steps.

In regard to a letter from the State Commissioner of Prisons, recommending a jail yard for prisoners we deem it unnecessary, as we have plenty of room inside for exercise.

Respectfully Yours,  
E. D. Bruce,  
F. M. Johnson.

Adopted and ordered referred to Committee on Appropriations.

Upon motion of Supervisor Reynolds the matter was referred to the Committee on Court House & Jail, and the said committee was directed to investigate and submit a report to the Board, together with recommendations concerning the subject.

Drs. Grant, Dalphin and Laughran addressed the Board regarding the conversion of two rooms at the county house into a surgical hospital to be used for the poor. It was explained that the county now expends about \$400 per year in surgical operations performed in Ogdensburg on Franklin county poor.

The necessary expense incurred by establishing this proposed hospital would be the cost of repairing and equipping the two rooms and the employment of one nurse.

**REPORT OF COMMITTEE ON POOR HOUSE AND SU-  
 PERINTENDENT'S ACCOUNTS.**

To the Honorable Board of Supervisors of Franklin County:  
 Your Committee on Poor House and Superintendent's ac-  
 count's reports as follows:

We have examined the accounts of the Superinteddent  
 and find them correct with a verified voucher for all sums dis-  
 bursed.

Balance in County Treasurers hands Nov

10, 1905 was.....	\$2,633 04
Amounts appropriated by Board of Super- visors at their last session was.....	16,000 00
Amounts received from produce sold from County farm and all sources was.....	1,115 03
	\$19,748 07

Total sum expended for support of poor  
 from Nov. 10 1905, to Nov. 17, 1906, was..... 15,917 25

Balance in Co., Treasurers hands Nov. 17, 1906..... 3,830 82

Your Committee would respectfully recommend that the  
\$7,000 for temporary relief of Poor and the \$7,000 for Poor  
House and County at large, requested by the Superintendent  
of the Poor be appropriated therefor.

We would further recommend that the Superintendent of  
the Poor be authorized to use \$500 of the moneys of the Poor  
Fund above mentioned, remaining in the hands of the County  
Treasurer, or so much thereof as may be necessary for the pur-  
pose of putting steel ceiling on the rooms in the County House  
needing same.

Your committee has considered the request of Drs. Dal-  
phin, Laughran and Grant in regard to fitting up and main-  
taining a hospital at the County House. We are heartily in  
sympathy with any movement which looks towards the es-  
tablishment of a hospital in this county. But we believe that  
the poor surgical patients of the County can be cared for at Og-  
densburg much cheaper than to maintain a hospital for them  
at County House, and that the board has authority to main-  
tain a hospital for no other class of persons than paupers. We  
therefore, deem it inadvisable at this time to fit up a surgical  
hospital at the County House, although we appreciate the un-  
selfish spirit of the Doctors and thank them for suggesting  
the matter.

Respectfully submitted,  
 E. A. Rust, Chairman.

Adopted and referred to Committee on Appropriations.

Thursday Dec. 6, 1906.

Chairman and quorum present. Minutes read and approved.

The Clerk explained that the St. Regis Falls National Bank assessment was erroneously assessed, extended and equalized with the general assessments of the town of Waverly, and the county taxes apportioned thereon to the amount of \$120.82, whereas it was not property chargeable with the same. The County Clerk presented his view about building the walk from the Detention House south between the Clerk's office and Court House, which was followed by general discussion.

On motion of Mr. Reynolds the chair was authorized to appoint a special committee to confer with the County Judge and County Clerk and Detention House people, with a view to arranging something satisfactory to all, and report to the board.

Adopted, and warrant to the County Treasurer for payment thereof directed.

Dr. Rust filed Highway Bridge and Miscellaneous Report. Accepted and ordered printed.

#### REPORT OF COMMITTEE ON GOOD ROADS.

Your Committee on good roads recommend the following delegation to attend the good roads convention to be held in Albany. E. C. Pine, B. L. Reynolds, E. D. Bruce, F. M. Johnson, C. A. MacArthur. We recommend the passage of

the proposed amendment to section 53 of the Highway Law, which would require the State to pay 50 per cent. of the cost of construction and maintenance instead of 33½ per cent, as under the present law, and ask the aid of our Senator and Assemblyman in securing the passage of such amendment.

We further recommend the passage of resolution handed up herewith.

Respectfully submitted

E. M. Austin, Chairman.

By Mr. Austin :

Whereas our present highway law was adopted from England in 1775, and

Whereas, Macauley, a celebrated English author, writing of the condition of the public roads in England previous to 1835, says: "The fruits of the earth were sometimes suffered to rot in one place, while a few miles distant the supplies fell short of the demand. One chief cause of the badness of the roads was the defective state of the law. Every parish was bound to repair the roads which passed through it, and thus a sparse and impoverished population was often compelled to maintain highways between rich and populous towns."

And, Whereas, the highway law of this State even with the liberal grants of State and County aid still are enacted so as to place the burden of construction and maintenance of the highways between rich and populous towns upon towns of small population and low assessed valuation who are willing but unable to respond in taxes in the payment of the cost of construction of roads suitable for the development of the State and County highway systems without being impoverished by the tax rate,

And, Whereas, the farmers who produce the necessities of life and sustain themselves upon their own farms are less dependent than the millions of people who live in outside cities and towns who are absolutely dependent upon good roads as the arteries of industrial life to provide them with cheap transportation and cheap food.

And, Whereas, it is an economic proposition for the State, Counties and towns to have roads of equal goodness and equal carrying power extending from one part of the State to the other for the purpos of developing values in the farm lands and bringing cheap produce cheaply to market.

Now, therefore, be it resolved, that we, the Board of Supervisors of Franklin County request our Senator and Member of Assembly, and the Boards of Supervisors of the other Counties of the State, to ask for, and obtain legislation which will seek to provide the State of New York with roads of uniform strength and carrying power extending from one part of the State to the other, and wherever the burden of taxation for the towns 15 per cent. of the cost of such highway under the present statute makes a burdensome tax rate upon the town, to seek to provide by legislation that in such cases the town shall either

FIRST:--Pay a tax for such road construction within that town which will make the tax rate in that town and in a town assessed at a million of value, of the same relative burden to the taxpayers.

OR, SECOND:---Provide that the 15 per cent. shall be and become a County charge, and all towns shall remain free from any contribution whatever, thus the State paying 50 per cent, and the County paying 50 per cent of the cost of construction.

OR THIRD:---That the 15 per cent be borne entirely by the State, making the cost of construction paid 65 per cent by the State, and 35 per cent by the County.

This resolution is passed particularly with a disclaimer of any desire to increase the burden of taxation upon the cities, who are already liberally contributing to road construction and maintenance, but for the purpose of calling the attention of the legislature to the fact that in order to secure the most economic expenditure of the state's money that the roads must be of uniform strength and carrying power, otherwise on account of the low assessed valuation of over one-half of the towns of the State, it will be impossible to develop a uniform system of highways in the State. Adopted.

On motion of Dr. Rust the Purchasing Committee was authorized to contract with the Electric Light Co. for power to run the motor at the county house on the best terms they can get.

Mr. McKillip presented the petition of the town board and highpay commissioner of the town of Franklin, praying for the authority to bond the town of Franklin for the sum of \$1794.00 to pay an indebtedness in good faith incurred by said commissioner for three bridges in Highway Districts Nos. 13, 14 and 16 in said town, together with an Act giving such authority. The Act was twice read, and, their being no objection was put upon its passage. The vote thereon was as follows:
